

## Magic The Gathering - Card List

For these low value cards there are ten shop listings, one for each value ie: \$0.35, \$0.40, \$0.45 and so on.

When buying cards add up the total number of each value and select that quantity shop item with that value.

So, if you are purchasing five \$0.45 value cards, select the 45cents value shop item and enter the quantity as 5.

When completing your order please add in the comments the cards you wish to purchase and quantity of each.

Please list the set and card numbers and if the card is Foil (where applicable). Thanks.

All cards are in either mint or near mint condition. Please email me if you have any questions via the shop.

Sorry in advance if I am unable to fullfil your order due to stock irregularities, I will endeavour to keep the list current.
